Subject: Re: FW: SBD Cap

We are good with this process - approved re: cap language. Cleared it with the City Counselor's office as well.

Let us know if you have any questions.

Good afternoon. We are just doing our own due diligence on the potential roll out of the SBD cap since that is such a big issue with our residents and there is only a small window from election certification and notifying the assessor of rate selection via our Board resolution document. I know we discussed with BOA attorney, Louis Galli, a few weeks back when we proposed the idea, and received his blessing, which then resulted in the Board Resolution document naming a lower rate (.35) and max cap of \$250, just want to confirm that our legal paperwork documentation is in line with what the assessors office may need to execute if the vote passes.

How can we work with assessor office to ensure we can deliver on the max tax cap per parcel to ensure no issues?

Thanks.
